

REMARKS/ARGUMENTS

By the present amendment, a substitute specification is being filed in order to conform with U.S. practice. Headings have been added to the specification. The substitute specification contains no new matter. Further, claims 1-31 have been canceled in favor of new claims 32-73. The new claims are substantially substantively identical to claims 1-31 however they are in a better form for U.S. examination. The above amendments to the claims are not made for any reason of patentability. Still further, an Abstract has been added.

An early action on the merits is respectfully requested.

If any additional fees are required in connection with this case, it is respectfully requested that they be charged to Deposit Account No. 02-0184.

Respectfully submitted,

Gery Bernard Marie Cornil Dambricourt
